

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

**Usage guidelines**

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

**About Google Book Search**

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

# ATLANTIC CITY CONDENSED

Atlantic City was incorporated March 3, 1854, and the first Election was held May 1, 1854, when eighteen votes were cast in a cigar box secured with yellow ribbon. Yellow, was, therefore, the first city color. The present colors, blue and white, were adopted in 1895.

## THE MUNICIPALITY.

| | | |
|---|---|---|
| Assessed valuation—real estate, 1916 | $87,694,820.00 | |
| Assessed valuation—personal, 1916 | 5,311,200.00 | |

| Acreage of Longport | 513 |
| Conventions in 1916 | 216 |

## WATER SUPPLY.

Source of Supply—Absecon Creek and artesian wells.
Mode of supply—direct pumpage to mains and stand pipes.

| | |
|---|---|
| Daily capacity in gallons | 48,000,000 |
| Average daily consumption in gallons | 7,300,000 |
| Number of gallons per capita | 140 |
| Number of miles of mains | 107 |
| Number of taps | 7,297 |
| Number of fire hydrants | 926 |
| Average pressure | 42 lbs. |
| Number of meters in use | 7,267 |
| Cost per 1,000,000 gallons pumped | $9.91 |
| Cost of maintenance per 1,000,000 gallons | $99.06 |
| Maximum storage capacity of reservoirs in gallons (water shed) | 300,000,000 |
| Maximum storage capacity of reservoirs in gallons (pumping stations) | 3,000,000 |
| Maximum storage capacity of reservoirs in gallons (stand pipes) | 750,000 |
| Total pumpage in gallons, 1916 | 2,667,521,957 |
| Coal consumed in pounds, 1916 | 9,480,148 |
| Area of water shed in square miles | 18 |
| Area of water shed owned by Atlantic City in square miles | 8 |
| Length of pipe laid during 1916 | 1.11 miles |
| New services laid during 1916 | 146 |
| Present value of water works | $2,307,347.17 |
| Expenditures during 1916 | 398,090.43 |

## BUILDING DEPARTMENT.

| | |
|---|---|
| Building improvements in 1916, cost of | $1,891,333.00 |
| Receipts of department, 1916 | 3,486.50 |
| Cost of maintenance, 1916 | 8,151.89 |
| Number of buildings in Atlantic City | 13,368 |
| Buildings erected in 1916 | 283 |

Digitized by Google

## PUBLIC SCHOOLS.

| | |
|---|---|
| Value of public school property | $1,878,000.00 |
| Receipts of general fund, 1916 (School Year) | 586,994.65 |
| Cost of maintenance, 1916 (School Year) | 563,056.48 |
| Expenditures for permanent improvements, 1916 (School Year) | 40,653.75 |
| Number of teachers | 330 |
| Number of pupils | 9,125 |
| Average daily attendance | 6,823 |
| Attendance at summer school | 19,074 |
| Evening school enrollment | 950 |
| Summer school enrollment | 869 |
| Per capita cost of education based on total enrollment | $51.22 |
| Per capita cost based on average daily attendance | $68.54 |
| Per capita cost based on estimated population | $9.00 |
| Average cost per pupil (exc. permanent improvements) | $53.11 |

## PUBLIC LIBRARY.

| | |
|---|---|
| Value of land, building and equipment | $125,000.00 |
| Amount expended on building and lawn, 1916 | 350.35 |
| Amount expended on books and binding | 4,035.73 |
| Other expenditures | 12,419.79 |
| Number of volumes accessioned to Dec. 31, 1916 | 34,950 |
| Number of government documents | 2,170 |
| Duplicate collection of fiction | 522 |
| Books added, 1916 | 2,671 |
| Membership, approximate | 20,000 |
| New members and renewed applications, 1916 | 3,303 |
| Depositors, 1916 | 1,265 |
| Annual circulation—books | 162,570 |
| Decrease over 1915 circulation—books | 9,599 |
| Annual circulation—mounted pictures, 1916 | 5,976 |
| Annual circulation—museum specimens, 1916 | 150 |
| Annual circulation—pamphlets, maps, etc., 1916 | 207 |
| Average daily circulation—books | 529 |

## ATLANTIC CITY HOSPITAL.

| | |
|---|---|
| Value of land, buildings and equipment | $225,000.00 |
| Expenditures, 1916 | 81,945.41 |
| Cost of sustenance, each inmate per day | .421 |
| Cost of maintenance per day—patients' days | 2.21 |
| Patients admitted, 1916 | 12,313 |
| Ambulance calls, 1916 | 771 |

## POLICE DEPARTMENT.

| | |
|---|---|
| Cost of maintenance, 1916 (inc. life guards) | $227,078.32 |
| Number of men in police department (nine months) | 162 |
| Number of men in police department (three months) | 189 |
| Number of life guards | 101 |

Digitized by Google

## FIRE DEPARTMENT.

| | |
|---|---|
| Cost of maintenance, 1916 | $209,615.82 |
| Fire loss, 1916 | 177,593.00 |
| Number of companies | 12 |
| Number of men in department | 174 |

Apparatus:

- 5 Motor driven engines.
- 10 Horse driven engines.
- 5 Motor driven combination chemical wagons.
- 3 Automobiles (1 Chief, 2 Asst. Chief).
- 1 Motor driven truck (aerial).
- 3 Horse driven trucks (aerial).
- 1 Village truck and combination.
- 3 Exercise wagons.
- 1 Horse ambulance.
- 8 Horse combination chemicals.
- 16,500 feet hose.

## GARBAGE REMOVAL.

Garbage is removed under contract, expiring Aug. 31, 1921.

| | |
|---|---|
| Annual cost of disposition—contract | $39,000.00 |

## ELECTRICAL BUREAU.

Maintains:

- 120 Fire Alarm Boxes with red designating lights, all underground connected.
- 92 Auxiliary Fire Alarm Boxes in hotels, all underground connected.
- Electrical Police Patrol System, underground connected.
- Electrical Police Flash Light System, underground connected.
- High Pressure Fire Alarm System, underground connected.
- Municipal inspections of everything electrical.

## STREET PAVEMENTS.

| | |
|---|---|
| Miles of streets paved | 68.2 |
| Macadam | 9.8 miles |
| Telford | 1.7 " |
| Vitrified brick | 8.5 " |
| Bitulithic | 10.7 " |
| Asphalt | 15.5 " |
| Wood block | 1.6 " |
| Gravel | 19.8 " |
| Warrenite (laid by Atlantic County) | 0.6 " |
| | 68.2 " |

Digitized by Google

## STREET CLEANING AND REPAIRS.

| | |
|---|---|
| Pay roll for cleaning (inc. sprinkling) | $73,696.48 |
| Pay roll for repairs, gutters, removing snow, etc. | 25,168.57 |
| Cost of gravel, stone and general supplies | 22,943.76 |

Number of employes:

- 1 Superintendent.
- 1 Assistant Superintendent.
- 5 Foremen (1 Assistant).
- 1 Foreman on drains.
- 1 Chauffeur on flusher.
- 1 Machinist.
- 1 Curb setter.
- 1 Inspector.
- 110 Laborers.

## BOARDWALK.

| | |
|---|---|
| Cost of maintenance, 1916 (inc. decking) | $65,788.30 |
| Cost of cleaning and repairs, 1916 | 34,195.62 |
| Expended for labor in making extension | 5,243.95 |
| Length, from Absecon Inlet to Longport | 8 miles |
| Length, from Inlet to lower end of Atlantic City | 4⅛ miles |
| Present Boardwalk dedicated to public use | July 8, 1896 |

# WATER WORKS

**Cost of Duplication and Present Value of the Atlantic City Water System to December 31, 1916.**

| | Cost of | Present |
|---|---|---|
| 5,000 acres, including [illegible] in Cranberries, at $50.00 | $250,000.00 | |
| Pumping Station, complete | 150,000.00 | |
| Discharge Mains | 400,000.00 | |
| Pumping Station expenses, $22,500 per annum, funded at 4½ per cent. | 500,000.00 | |
| Total | $1,300,000.00 | |

The above does not include future improvements to either water shed, and the equipment itemized is absolutely essential to pipe the water to the present Pumping Station, where the Absecon Supply is now running by gravity.

EXHIBIT S.

# SEWERAGE

An ordinance of City Council, approved December 30, 1905, provides that the City Comptroller shall make an annual audit of the accounts of the Atlantic City Sewerage Company, so far as they affect the expenditure of money for the extension and improvement of that system in Atlantic City. This ordinance also provides that the City of Atlantic City may purchase the plant of the sewerage company on or before December 31, 1920, at a price to be mutually agreed upon or by condemnation, which price shall be $575,000, plus the cost of all improvements and extensions made by the company.

For every $25,000 expended by the company for improvements the rate of discount on bills against property owners for sewerage connections shall be 1 per cent. less than the initial rate of 22 per cent., until the company shall have expended $200,000, and thereafter 1 per cent. for every $50,000 expended, until the company shall have expended an additional $200,000, after which the net rate of discount for the prompt payment of bills shall be 10 per cent. This reduction shall take effect on the first day of April following each annual audit of the company's accounts by the City Comptroller.

The accounts of the company are so kept as to readily show the monthly expenditures for improvements and the proper vouchers are laid before the Comptroller at the time of each audit.

Eleven annual audits have been made, with the following result:

| | |
|---|---|
| Extensions and improvements during 1906 | $70,404.39 |
| Extensions and improvements during 1907 | 58,790.68 |
| Extensions and improvements during 1908 | 28,457.13 |
| Extensions and improvements during 1909 | 43,265.04 |
| Extensions and improvements during 1910 | 77,013.33 |
| Extensions and improvements during 1911 | 52,117.40 |
| Extensions and improvements during 1912 | 96,788.70 |
| Extensions and improvements during 1913 | 61,239.82 |
| Extensions and improvements during 1914 | 57,633.82 |
| Expended for real estate during 1914 | 1,005.64 |
| Extensions and improvements during 1915 | 26,611.00 |
| Expended for real estate during 1915 | 3,900.00 |
| Extensions and improvements during 1916 | 26,595.54 |
| Expended for real estate during 1916 | 5,600.00 |
| | $609,422.49 |

The rate of discount the Atlantic City Sewerage Company shall be required to make during the period of one year from the first day of April, 1917, is ten per cent. (10%).

Purchase price of the plant, December 31, 1916:

| | |
|---|---|
| Amount named in ordinance of December 30, 1905 | $575,000.00 |
| Expended for extensions and improvements | 598,916.85 |
| Expended for real estate | 10,505.64 |
| | $1,184,422.49 |

## BUILDING OPERATIONS—Continued.

During the year 283 new houses were erected, of which 197 were brick or other fireproof material, and 86 frame.

There were 15 apartment houses erected during the year at a cost of about $377,272.

Figures compiled by Secretary James Farley in the annual report of the Fire Department show that there were 281 fires, entailing a loss of $177,593, insured and uninsured. The insurance losses during the same period aggregated $99,314.29.

Of the total number of fires, 274 were confined to the buildings in which the fires originated (254 to one floor), and only 7 extended to adjoining buildings.

There were only 65 fires in brick buildings, but 177 in frame structures. The remaining 39 were other than building fires.

The insurance and fire loss for the past twelve years is as follows:

| | Insurance Loss. | Fire Loss. |
|---|---|---|
| 1916 | $99,314.29 | $177,593.00 |
| 1915 | 63,902.59 | 142,487.50 |
| 1914 | 36,746.23 | 45,215.00 |

## NOTES.

Beginning with March, 1888, city officials were elected on the second Tuesday in March, instead of the second Tuesday in November, as in all preceding years. City officials elected in November, 1887, served only until the following March. The officials named for the years 1854 to 1887, are those whose terms expired in November of the respective years. The officials for the years 1888 to 1901, inclusive, are those whose terms began in March of the respective years. Thus in the column "1890" the officials named served for the twelve months beginning in March 1890.

* —1888—On April 23, 1888, Recorder Charles E. Adams, recently re-elected, resigned, and City Council elected Albert W Irving to fill the vacancy.

† —1896—The office of City Comptroller was created in 1895, and Alfred M. Heston was elected by City Council to serve for three years, from January 1, 1896.

‡—1900—Succeeded D. L. Albertson, who resigned August 28, 1900.

§ —1899—Succeeded Chas. C. Babcock, who resigned.

‖ —1901—On February 28th, of this year, the Legislature passed what is known as the "Anti-Spring Election Law," which abolished Spring elections in all cities and extended the terms of officials, whose terms expired in March or any other month, to the following January 1st. Consequently, all Atlantic City officials elected in 1900, to serve until March, 1901, had their terms extended to January 1, 1902.

** —1901—In August of this year Recorder R. E. Stephany died, and City Council elected Chas. C. Babcock to fill the unexpired term.

†† —1901—F. J. Moore, being appointed assistant Postmaster, resigned his position as Clerk of the District Court, and was succeeded by Edward R. Donnelly.

‡‡ —1902—On April 3d of this year, Governor Murphy approved an Act of the Legislature entitled, "An Act relating to, regulating and providing for the government of cities," commonly known as the "new charter" for Atlantic City. The Act was approved on the day of the "big fire" in Atlantic City, and was submitted to the voters of the city, for adoption or rejection, on May 6, 1902. It was adopted by a vote of 2155 "for," to 1457 "against." Majority, 698.

§§ —1902—On June 15th of this year, Kenneth Allen succeeded William C Hawley as Superintendent of the Water Department. Mr. Hawley resigned to accept a better position in Western Pennsylvania.

‖‖ —1903—Succeeded David R. Barrett, by appointment of the Mayor, on January 1, 1903. Mr. Barrett appointed a member of the Board of Assessors.
